British Periodical Literature.

REPUBLICATION OF

The London Quarterly Review,
The Edinburgh Review,
The North British Review,
The Westminster Review,
—AND—
Blackwood's Edinburgh Magazine.

The wide spread fame of these splendid Periodicals renders it needless to say much in their praise. As literary organs they stand far in advance of any works of a similar stamp now published while the political complexion of each is marked by a dignity, candor and forbearance, not often found in works of a party character.

They embrace the views of the three great parties in England—Tory, Whig and Radical—"Blackwood" and the London Quarterly are Tory; the Edinburgh Review, Whig; and the Westminster Review Radical. The North British Review is more of a religious character having been originally edited by Dr. Chalmers and now, since his death, being conducted by his son in law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order.—The Westminster, though reprinted under that title only, is published in England under the title of the Foreign Quarterly and Westminster, it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has therefore the advantage by this combination of uniting in one work the best features of both as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers in a beautiful clear type on fine white paper and are faithful copies of the originals. Blackwood's Magazine being an exact *fac simile* of the Edinburgh Edition.

TERMS

For any one of the four Reviews,	$3 00	per annum
For any two	do	5 00
For any three	do	7 00
For all four of the Reviews		8 00
For Blackwood's Magazine		3 00

Payments to be made in all cases in advance.

CLUBBING

Four copies of any or all the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis.

EARLY COPIES

Our late arrangement with the British publishers of Blackwood's Magazine secures to us early sheets of that work by which we are enabled to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals. For this and other advantages secured to our subscribers we pay so large a consideration that we may be compelled to raise the price of the Magazine.

☞ *Something may therefore be gained by subscribing early.*

AMERICAN AND FOREIGN OFFICE,
And Agency of the U S Patent Office, Washington,
22 State Street—Boston.

THE subscriber by appointment from the Commissioner of Patents is Agent of the U S Patent Office for receiving and forwarding to the same models specimens or manufactures to be patented or deposited therein which will be sent *free of expense and risk* and with despatch. He will prepare Caveats, Specifications, Assignments and all the necessary Papers and Drawings for Patents, will make researches into American and Foreign works to test the validity of inventions, and render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions and of consulting in respect to them, *matters, in general of paramount importance in order to obtain correct specifications and claims*. The experience of sixteen years practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents assistance and information which in other respects might be difficult of attainment.

Family Medicines!

Comprising the true

Health Restoring Bitters.
PULMONARY ELIXER,
AND
Strengthening Plaster.

TRIED and proved by their continued use for the last fifty years to be superior to any other preparations for the cure of every species of disease dependant upon

Impurities of the Blood, Derangement of the Stomach, Bowels and Liver, and all affections of the Lungs, Air Passages and Throat, as also Pain in the Bones, Joints, Side and Back, Rheumatism, Weak Stomach, Cramp, &c

None genuine unless signed on the wrapper, Stephen Jewett & Co. with a pen to whom direct all orders.

Prepared by STEPHEN JEWETT son of the late Dr STEPHEN JEWETT, of Rindge N H

Principal Office,—No. 30, India Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman

RINDGE, N H, April 1, 1848

To all whom it may concern

I the undersigned do hereby certify that I was acquainted with the late Dr. Stephen Jewett from my boyhood up to the time of his death and having been his near neighbor can testify to his medical skill and knowledge of Botany with hundreds of others now living, and that in the year 1814 I was afflicted with jaundice palpitation of the heart pain in the side and general debility so as to be *unable to attend to any business* and being a neighbor of the late Dr. Stephen Jewett I had recourse to his far famed *Bitters* and *Plaster* and by their use was permanently cured. Since the above named date I have used Dr. Jewett's medicines with equally good effect as prepared by Stephen Jewett son of the late Dr Stephen Jewett of Rindge N H and I cheerfully recommend them to the public as safe and invaluable medicines—and being composed entirely of vegetables I think them far better suited to the diseases of our climate than medicines composed of minerals or foreign nostrums. Try them and judge from facts and experience. I consider Dr Stephen Jewett's Strengthening Plaster far superior to any external application for the purposes for which it is recommended, of any that I have ever known.

EBENEZER BLAKE.

DR STEPHEN JEWETT'S

Health Restoring Bitters.

These Bitters acting as they do upon the Stomach Liver and Bowels removing all the morbid secretions thereby purifying the blood and invigorating the digestive organs not only cure diseases that already exist, but they also fortify the system against all attacks of disease. It is a common remark among those who have used Dr. Jewett's Bitters that they have but little fear of being sick. The remark is strictly true, for while the stomach and bowels are kept in a good condition and the blood pure all the great predisposing causes are removed and the whole system is fortified against those morbific influences which under less favorable circumstances would have engendered perhaps fatal disease.

In order that the public may know that they are offered a truly excellent article we append the following certificate which may be seen with numerous others in their original by calling on the proprietor.

BOSTON, May 15, 1848

To all whom it may concern—This may certify that I have been for years troubled with a scrofulous humor which has been very troublesome and was fast undermining my health and had severe pains in the back, loss of appetite, langour and general debility.

A short time since I commenced taking Dr Jewett's Health Restoring Bitters, and in a very short time my humors and pains left me, my appetite improved and my health has not been so good for years all of which I attribute to Dr. Jewett's Health Restoring Bitters.

(Mrs.) E H RUSSELL, Beach Street

DR STEPHEN JEWETT'S

Pulmonary Elixer.

Nearly one third of all the deaths that occur in New England are caused either directly or indirectly by diseases of the Lungs and Chest. Why is this great sacrifice of human life? How happens it that the brightest intellects, of the highest promise, the hope and support of declining years are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer Consumption? And how happens it that so many interesting and lovely children are cut down every year by those dread diseases, the Quinsy and Croup? Is it because these diseases are incurable? Physicians will tell you these diseases can be cured,—if taken in season.

It is true these diseases can be cured with almost absolute certainty—if taken in season. Everybody should be aware of this fact and provide themselves with Dr Jewett's Pulmonary Elixer.

The following certificate among numerous others which have been received are appended for the benefit of those who desire to see certificates.

WINCHENDON Mass March 10 1848

Stephen Jewett—Dear Sir—I feel it a duty to you and to the public generally, to inform you all who may have been afflicted as I have, that I have been entirely cured of a severe and long continued cough by one bottle of your Pulmonary Elixer.—For months I have been a great sufferer. I had pain in my left side, sore throat, constant cough and raised a good deal of bad looking matter. My strength was gone, and my flesh was wasting away. I took many things without benefit and was steadily getting worse, till I procured your Pulmonary Elixer which has cured me, and I cheerfully recommend it to all who are troubled with coughs.

Yours truly

THOS CUMMINGS

DR. STEPHEN JEWETT'S

Strengthening Plaster.

These Plasters possess the property of *removing Pain, curing Lameness, Cramp, Pain or Weakness in the Back, Joints or Side, Rheumatism, Weak Stomach &c*, and when used in connection with the Bitters, in Liver Diseases, will prove very beneficial in removing the peculiar pain between the shoulders and in the side and back, well known to those suffering with such diseases. The Plaster, from the quantity and quality given is vastly cheaper than, and superior to the "Poor Man's" or any other Plasters, and can be made any size wanted without waste. One roll will make five good sized Plasters. A single trial will be all the our ultimate necessary.

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives Annually!!

10,000 CASES

OF SCROFULA cured by it this year and **5,000** Cases DYSPEPSIA and HUMORS of which *proof* can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use. It is put into the Bottle its FULL STRENGTH and power without reducing it and this is done for the special benefit of those who use it as it is objected to all other Sarsaparillas that they are Weak Clumsy Adulterated Sickish and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six Times Better Safer Surer and Cheaper than all others. THIS Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum,

and every Disease which arises from **Impure Blood!**

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN who is truly the most distinguished of any in a large City for professional skill CERTIFIES something as it may seem that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla and says that there is no medicine in which he has so much confidence for **Diseases of the Lungs.**" Some will marvel at this REMARKABLE Cure but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities and ...

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury! What distinguished compliments are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails. The

Severest Scrofulous and Tumors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is, that it makes the **BLOOD** perfectly Pure Rich Healthy Quick Free Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful, Strength wasting Appetite gone. False weak or Feverish Skin yellow Nerves deranged. It restores Health Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is, that it does not tamper with the patient or prolong his sufferings. But it first attacks the disease and stops it then removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent. Others only scatter or back in the disease but this EXTIRPATES it wholly from the system—this saves the patient while others endanger it. The whole Body is made so healthy by the use of this GIANT MEDICINE the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant that **Medical Colleges, Professors,** and Physicians always prefer it for the sake of its Superiority. Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made, as the "HEALING ART" has been tasked to the utmost to have it exactly suited to **FEMALE COMPLAINTS.** These Complaints have never been cured for as they ought, hence it is that all the medicines which are used with the hope of Cure so invariably and entirely fail. But this Sarsaparilla has the **SPECIAL** ability, to cure every Disease Affliction or Pain which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles.

BALLARD'S IMPROVED LIQUID HAIR DYE is the best preparation that we have ever seen for coloring the hair. It will positively restore grey Hair to its original color whether auburn brown or black surpassing in beauty even the most natural locks retaining the gloss and softness of the original. Sandy light or red hair can be matched with any darker shade.

From numerous laudatory testimonials which may be seen at the manufactory or wholesale depot No 51 Cortlandt street New York, the following from the celebrated Cristadoro of the Astor House is presented —

No 6 Astor House New York Sept 21 1848—Mr O M Ballard—Dear Sir—It is but justice to you to say that of all the preparations for dying hair I have tried none has answered so well the purpose as your Improved Liquid Hair Dye, and with a great deal less trouble in doing it than any other. I give you this testimony upon my solemn conviction that it is worthy the patronage of all who may wish to exchange gray light or red hair for a beautiful auburn, brown or black, and from the peculiar softness and lustre which it imparts to the hair the ladies cannot but give it a decided preference. John S. Sayward.—Editor

TUESDAY, MARCH 20, 1849.

☞Our readers will recollect the recent loss of the ship Franklin on Cape Cod and the loss of fourteen lives by the shipwreck Since then, one of the owners J W Crafts has been examined before one of the courts in Boston on a charge of conspiricy to destroy the ship to the injury of the underwriters, and has been held to the sum of $20 000 to answer at the next term of the District Court This charge was made on account of the finding in the Captain's valise letters implicating the owners

The captain was drowned at the time of the wreck, on the 26th of February, and after the wreck was broken up, his valise was hooked out near the shore the contents dried, the letters preserved and thus the whole matter of a conspiracy to lose the vessel was revealed! The conduct of the Captain according to the testimony given, is now accounted for upon the supposition of his wish ing to obey instructions in losing his vessel The case is an astounding one and the manner of its revelation seems like a Providential interposition

There was something of a panic raised yesterday as to the strength of Market Hall to sustain the great crowd expected to listen to Mr Greeley's lecture on last evening There is probably no doubt as to the firmness and strength of the Hall, but in case of a panic in such an audience there would be difficulty and might be danger in getting out of the Hall To avoid this the managers after various efforts succeeded in obtaining the use of the Universal st Church

It may seem strange to many that it should be so difficult here, to obtain the use of our churches for Lyceum and other lectures, but the whole matter is easily explained when we consider that there are many persons who believe that so long as the use of the church is granted for these great occasions, there will be no efficient measures adopted for the erection of a suitable public Hall This class uniting with those who do not like that a temple of religion should be filled with secular associations makes it very difficult to get the use of a church

☞The news which we publish this morning from the gold regions is highly interesting and is said to be reliable Mr Greeley, the editor of the Tribune and writer in that city and he states that the merchant houses who received the letters referred to are of the highest respectability He gives it as his opinion that at least one hundred millions of dollars worth of gold will be taken from the soil of California during the years 1849 and 1850

☞The city council was organized on yesterday forenoon at the City Hall The Mayor, and members of the city council were sworn in to office The Mayor delivered an address

After the convention separated the common council made choice of Lewis Hancock, Esq President and George Perry, Esq Clerk After the passage of the usual orders the two boards adjourned to Monday next, when the subordinate officers of the city are to be chosen

☞The closing proceedings of city council on Saturday last, were interesting and we expected to be able to lay the same before our readers in our paper to day, but have not been able to obtain the copy in season We expect to publish them to morrow

Very Important from California—astounding quantities of Gold—the Mines inexhaustible—high wages and prices for goods.

We give below some extracts from letters received from San Francisco by one of the oldest largest and most respectable houses in Pearl st and communicated for *The Tribune* by the parties to whom they were addressed It will be seen that they fully confirm the most exciting accounts as to the richness of the mines and the quantities to which the gold has been procured by individuals The writer has been for eight or ten years the California correspondent of the house in question and as we are assured by its head is a man of the most sound cautious and reliable character—We add that any person wishing to know the names of the parties can have them by applying at the publication office of the Tribune and we commend our readers to the consideration of the letters—

SAN FRANCISCO, Dec 1 1848

FRIEND——* * * * The prices obtained here for goods are enormous Were I to quote, it would not be credited

You will undoubtedly have heard of the great discovery of gold in this country—a discovery which is destined to produce a greater excitement throughout the United States if not throughout Europe also than any event which has happened for a century

The amounts of gold obtained are truly astonishing, and the quantities every day brought to this place equally so

Every article of food and necessity is of course very high at the Mines Flour has been sold at $24 the B, four quarts of Wheat for a horse have brought $80, Boots $75 per pair, Pork, $250 per barrel

The wages of Carpenters are $10 per day, common laborers earn $8 a day or $1 an hour, a Cook $60 to $100 per month

Brands fetches 1 oz gold for a bottle Bread is $2 per lb, Blankets, $80 per pair; Washing is worth $8 a doz, Clarks, $3 000 per annum and found

Emigration is pouring in from all quarters of the Pacific, and it is quite impossible to find a place to put one's head in

A room at a hotel rents for 200 per month The commonest hovel or shanty you can imagine brings $50 to $60 per month

The gold is inexhaustible, and for years to come immense quantities must continue to be got out and a great trade must be carried on between this and all parts of the world

The cargo I brought from—— cost $9 000 The gross amount of sales from it has been $31 000 My partner came with two cargoes, and we have cleared over 100,000

SAN FRANCISCO, Dec. 23, 1848

* * * * Real estate has gone up here, as well as everything else A store and lot I paid $17,500 for yesterday

Lumber is worth $150 per M and the carpenters can earn $10 per day

The entire population of Oregon have abandoned their crops and houses, and are coming here The Sandwich Islands have lost one fifth of its their foreign population Every vessel which sails any port on this coast is filling with passengers for this place.

Mr.——— formerly Consul at——— informs me that two of his servants left him when the news first came. They have just returned with $75,000

Capt.——— of the Navy who remained as sparks from the mines, informs me of one locality which has been found where all is so abundant that *there is no necessity for washing the earth $100 per day is the amount weighed by each man.*

Sheath knives are used to dig the gold, and have sold at the mines for $50 each.

The Gave conversed with many old friends of mine who have been at the mines, and gathered large quantities Their tale is simply this—only wait two months more next summer, and they shall have enough.

Although it is quite a new country all kinds of vegetables can be had We are living little else than beef and bread, all agricultural operations have ceased entirely.

Celebration of St. Patrick's Day.

The Bangor Catholic Temperance Society and Father Matthew Temperance Society of this city, celebrated St Patrick's day in fine style on Saturday last A procession was formed, accompanied by the Belfast Band, and after marching through several of our streets proceeded to St Michael's church where were the usual religious services The procession then marched through other streets and then entered Market Hall where an ample dinner was provided by Mr J A Wells

Many ladies and a large number of invited guests sat down to the intertainment, and after refreshing themselves, the Presidents of the two societies addressed the company in an energetic and eloquent manner Mr Heffron dwelt with much force upon the subject of Temperance, and Mr Denis O Loughlen spoke feelingly of the great importance of the labors of Father Matthew

James J Mahony the Toast Master announced the following regular toasts

Regular Toasts.

1st St Patrick's day—a day dear to the hearts of Irishmen—the day on which the divine light of Christianity first illuminated the minds of the Irish people which had been overshadowed by pagan gloom May Irishmen learn to celebrate it as we do on total abstinence principles

2nd Ireland—the land of our birth, the persecutions have not been equelled in any country or clime May the day of thy deliverance come soon and the link be severed that binds you to England by an unholy and unjust Union

3rd The memory of the immorta Daniel O-Connell—He who destroyed that hydra headed monster, the penal code—the legitimate offspring of England's bigotry and intolerance

4th Theobald Mathews—the benefactor of his race—may his days be many, and may his labors be effective

5th The Temperance cause—A modern crusade against the powers of darkness

6th The Irish martyrs—their blood ignobly shed, by the hands of England's cruel minions, cry out—VENGEANCE

7th George Washington—A noble spirit, predestined from eternity to build a sanctuary for religion and freedom

8th The President of the United States—victors as in arms—may he rule with honor to himself, and with advantage to the nation

9th The public Press—May it ever guard the people's rights with jealous care

10 h The army and Navy—may they be ever honorable, brave and victorious

11th The State of Maine—a bright star in the East—May she never suffer eclipse or collision,

12th The city of Bangor—May its rulers be men of worth and intelligence, and under the administration of righteous laws May its prosperity be advanced, and may every species of crime and immorality be driven from it, and the cause is prompt to advance the cause of virtue upon which their interests depend

13th The Ladies—their presence adorns Society—may the influence of the intelligent, virtuous and modest woman cheer us through life's chequered way

Several letters were read from the Mayor and others who had been invited to be present

Addresses were made by Abraham Sanborn, J S Sayward Nathaniel Wilson, and Ezra Sanborn Esqrs, by Rev Mr Yates editor of the Cold Water Fountain and other invited guests

A great many sentiments were given by the company and which we should be glad to publish but we have not the space to spare to day nor the time necessary for their collection and arrangement We give a few at random

By N Wilson, Esq of Orono—

America and Ireland, Ireland and America—one in sympathy one in interest—does either require the aid of the other, let but the signal be given and the required relief is speedy and sure

By Wm S Pearson—

The patriot, John Mitchell—May that fire of love which inspired him to action, soon spread throughout the land of his birth

By W F Stanwood—

The Bangor Catholic Temperance Societies—May they be as successful in driving—the loathsh serpent alcohol from this land, as St Patrick was in exterminating snakes from Ireland

By E Sanborn—

Father Mathew—Ireland's Temperance star, may it continue to shine until his sons and daughters in the old and new world are redeemed from intemperance—

By Michael Boyce—

Mr Burke—the king of Irish Orators inimeble to British influence, and faithful to his country and his God

By Patrick McWeeny—

May the banners of temperance and republicanism pervade all countries side by side, and Ireland's potatoes hurled from their thrones and the whole human family, brought to know the lives they should lead, and the privileges they should enjoy

By Richard Martin—

Robert Emmett—a name written in Irish history with the blood of a patriot and the bond of a tyrant

By Jeremiah Reardon—

John Mitchell—may he soon be delivered from British bondage, and breath the free air of America

By F McGrah—

The Eagle and Harp, may the free American eagle that bends over the Irish harp release our native land from the grasp of English tyranny

By Michael Fox—

The four—the only endurable aristocracy who elect without votes, govern without laws—decide without appeal, and are never in the wrong

The Hermit of Montville.

Mr Barrett of the Portland 'Olive Leaf,' is journeying east, and gives sketches of his observations by the way Visiting Montville, in Waldo Co, he gives an account of a Hermit that formerly inhabited a cave on Hogs Back mountain.

"This spot is made peculiarly interesting for having once been the residence of a celebrated Hermit, who was much beloved and respected for his virtues He came into Montville when a young man, and there spent the remaining days, having lived, as is said, over eighty years His former residence was a cave inhabitated only by himself, his dog and a tame otter He was quite a hunter, and also devoted much of his time to the cultivation of a little piece of land, from which he raised enough for himself and his domestic animals, besides the little he sold for money, which he is said to have secreted in a hoop; but it is last story of this eccentric character is but a report; likewise another, concerning his ongoing the Bible, entire upon bark. A stranger, by the name of——, which he dined with clay, after which he burnt it and as brick, answered for his oven. When the pot was to be taken from the oven, he found the pot to be to settle the whole appearance of the vessel was changed, and it was quite ornamental. Upon the discovery he pulled out his long red beard, and exclaimed that he had a secret to himself. He then left the place, and was never heard of by the inhabitants of the neighborhood.

CAUTION.

(From the (Boston) Chronotype)

The great popularity of Wistar's Balsam of Wild Cherry has induced some unscrupulous individuals in various parts of the country to compound quack nostrums for the purpose of deceiving the public and raising money on the well earned reputation of this truly valuable medicine The interests of the proprietor cannot suffer, if he can but keep the public informed against the false preparations attempted to be palmed off in the name of the Wild Cherry, for certain it is that no medicine ever proved so efficacious in a long catalogue of the most common diseases which "human flesh is heir to" or preserved the health and life of so many thousands of our race as has Dr Wistar's Balsam SETH W FOWLE drug gist, No 138 Washington street is the sole proprietor of the original receipt for the manufacture of the genuine medicine, and supplies both at wholesale and retail, and of whom also agencies can be obtained

The Remedy that Never Fails!

TRULY truth is stranger than fiction! CONSUMPTIVES READ THIS

NORWICH Conn April 26 1848

DEAR Sir—In accordance to the request of your agent we will cheerfully state what we have known of the effects of your CHERRY PECTORAL and they have been astonishing indeed Mrs Betsy Wheeler had been afflicted with a severe and relentless cough, which reduced her very low so low, that little hope could be entertained of her recovery No means or remedies had been tried without effect, before the Cherry Pectoral That, and that alone, has cured her George Wilkinson Esq. had to our knowledge been afflicted with Asthma for eleven years and grown yearly worse until the Cherry Pectoral has now removed the disease, and he is as free from any of its symptoms as we are The Rev Mark Daniels had been severely attacked with Bronchites so as to disable him from his public duties, and nothing had afforded him relief until I (Mr Corning) carried him a bottle of your Pectoral which cured him at once, and he now officiates as usual in his place These are three of the cases in which we have known it successful, but never failed We have great pleasure in certifying to these facts and are, respectfully your humble servants

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD!

This Extract is put up in Quart Bottles—it is six times cheaper prescribed after and warranted superior to any solid Extracts without a rotting purging or vomiting or debilitating the Patient

The great strength and superiority of this Sarsaparilla over all other medicines in which it is tendered to disease at once is owing to the fact that it is made out of the very best

SPRING AND SUMMER MEDICINES

ever known. It not only purifies the whole system and strengthens the person, but it *creates new pure and rich blood* a power possessed by no other medicine. And in this lies the grand secret of its wonderful success—it thus purifies and builds up from the first dose, and in less than 100,000 cases of severe cases of disease at least 15,000 were considered incurable, it has saved the lives of more than 5,000 Still on during the two past seasons

10,000 *CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.*

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effects of medicine or in secret from communication you h, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system Irritable, want of attention, fainting sensations, premature decay and decline threatening toward that fatal disease Consumption, can be entirely restored by this pleasant remedy This Sarsaparilla is far superior to any

INFIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs and strength to the muscular system. In a most extraordinary degree.

CONSUMPTION CURED

Diseases and Sarsaparilla Consumption can be cured, Bronchitis, Consumption, Liver Complaint, Colds, Catarrh Coughs, Asthma, Spitting of Blood Pain in the Chest Hectic Flush Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c, have been and can be cured

SPITTING BLOOD

New York April 28, 1847

Dr Townsend—I write to let you know what great benefit has been through Providence, through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised quantities of blood, had night sweats and was greatly debilitated and reduced and did not expect to live—I have only used a few of Sarsaparilla a short time, and there has been such a change been wrought in me I am now able to walk all over the city I raise no blood, and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant,

RHEUMATISM

This is only one of among the four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by this extraordinary virtues

James Cummings, Esq one of the overseers in the Lunatic Asylum, Blackwell's Island, is a gentleman spoken of in the highest terms

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir, I have suffered severely for nine years with the Rheumatism, towards the end of the time I could not put on my shirt I had three most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—and I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend, not having tested our Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr Townsend—*Dear Sir*—I have a little girl, seven years of age, who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars to cause like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Your's respectfully,

JOHN BUTLER, Jr.

FEMALE MEDICINE.

Dr Townsend's Sarsaparilla as a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhœa or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter what the result of ashcient cause or causes, produced by irregularity, the sins or accident Nothing can be more surprising than the invigorating effects on the human frame Persons all weak and in a state of lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervous fear of the female frame which is the great cause of Barrenness—it will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us Thousands of cases wherein families have been without children after using a few bottles of this invaluable medicine, have been blessed with Sons, healthy offspring

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared as reference to female complaints No female who has reason to suppose herself approaching that critical period, *The turn of life*, should neglect to take it, as it is a certain preventative for one of the numerous and horrible diseases to which females are subject at this time of life This period may be delayed *for several years by using this medicine* Not is it less valuable for those who are approaching women hood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed there is no medicine available for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, and no female should fail to produce subsequent relaxation—which is the case of most medicines taken for females we know and discuss By using these bottles at this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attending upon childbirth ever discovered It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate may it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the stke ies used in cosmetics, produces its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the cleansing of the pure, rich blood to the extremities is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable roses and flashes of loveliness that all admire, but none can describe This beauty is the offspring of nature—not of powder or soap It these is not a fine and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the south who use but little exercise or are confined to close rooms, or have spoiled their complexion by the application or deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eye, and beautiful complexion, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are ready to testify, are delighted. Ladies of every station should use this safe

NOTICE TO THE LADIES.

Those that imitate Dr. Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females*, &c, &c, and have called our bills and circulars which relate to the complaints of women, word for word—other than what "Townsend's Sarsaparilla" is applicable. Previously they did not. A number of these Mixtures, Apologies for Sarsaparilla, recommended, have, although proved to be worthless, been palmed off upon the public, and by the dealers in Medicine generally.

McKENNEY'S COSSACK SALVE!!

An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin and all Scrofulous Diseases Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles, Corns Warts, and Common Sores, and Cuts and Bruises of all kinds

In bringing this article before the Public we are aware that we labor under no small disadvantage amidst the multitude of All-Healing Ointments and Panaceas that are now advertised as the "*most effectual*" and *certain cures*" for all diseases indiscriminately, to which mud or animals are subject

A history of this Salve and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, but as much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and all-healing properties

To say, indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue But we flatter ourselves that it, forsooth, we are richly paid, and the article soon, very soon, has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated we do not and shall not cast to our aid the empty "*puffing of the Press*, or the "bought certificates of individuals and shall make use of them only so far as they have been or hereafter may be, entirely *voluntary* and *unsolicited*

The Salve is now before the Public!

They, and they alone will decide upon its real virtues and medicinal properties To say less were injustice to ourselves—to say more would be superfluous

Here are some of the many Certificates —

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee After using many remedies without success I applied some Salve obtained of Mr A M Mckenny, and continued its application until I had used six bottles, which entirely cured me and I have had no return of the disease since I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success

DANIEL SEAVEY

Dexter (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure without success which cost me about forty dollars I bought 1 box of AMASA McKENNEY'S SALVE which effected an entire cure in less than two months SIMEON MARSTON

BANGOR June 5, 1846

Mr McKenney—In going into the woods in the autumn of 1845 with the charge of quite a number of men for the winter lumbering operations I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental cuts and bruises, and I found indeed, to my great satisfaction that it was an invaluable article I also made application of it in cases of Coll Sprains and I also used it on cattle and found it equally beneficial It can truly be called the All-Healing Salve

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR *COLDS COUGHS, ASTHMA and CONSUMPTION*

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pectoral and Pulmonary diseases still stands unrivalled and unsurpassed as the most elegant, agreeable, and effectual curative of those formidable complaints, now known to the civilized world

Three years time of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre-eminent merit in all parts of the country, as the great and RELIABLE REMEDY for the worst cases of Pulmonary disease, and the best and most agreeable curative of all the ailing forms of colds, cough and inflammations that can possibly be named

UNCONTESTIBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption

IMPORTANT MEDICAL TESTIMONY.

DR. HASELBE—Dear Sir The Hungarian Balsam is, beyond all question, a most perfect and admirable preparation for diseases of the Lungs. I have used it in my family, and in my professional practice for more than two years with the most uniform and entire success, in cases of *severe Pulmonary disease*, and I can conscientiously recommend it to all who are afflicted as the most certain remedy for such diseases with which I am acquainted Yours respectfully,

FREDERIC T. STORER, M D

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman]

While we repudiate quackery, we are always pleased to give credit to that which is truly useful, and to give information which may benefit others A few days ago a brother of ours, from Norway, Me, came into our office in comfortable health, whom we did not expect to see again on earth. We received a letter a few weeks since, from another brother resident in the house with him, saying that he was confined to his bed and could not probably continue but a short time. Judge then of our surprise when we saw him enter our office He has a slight cough remaining, as it would be natural that he should have, until he has had further time for acquiring strength although But he is in comfortable health. The following letter which he addresses to the general Boston Agent for the medicine which has restored him so wonderfully, will know what medicine has been the instrument of the good work

Boston, Feb 16, 1847.

Dr D. F Bradlee—Sir—I cannot refrain from saying a word or two in commendation of "Buchan's Hungarian Balsam of Life" Here is a plain statement of facts in relation to my case, and if they are of any service in inducing the sick to seek relief the source from whence I obtained it, I shall be thankful

My residence is Norway, Me. Three years ago last fall I took a violent cold which left a cough of the most aggravated kind, accompanied by a severe pain in the left side. Last June I had become so feeble that I was obliged to quit all work, and was confined to the house until about four weeks since During that time I received the best medical attendance, and tried nearly all the medicines which are recommended as such cases, but could find no relief, but grew worse, and for the last three weeks was confined to my bed. Two of my physicians gave me up as past recovery. But as fortune would have it, I heard of the Hungarian Balsam, and immediately procured a bottle. This gave me instant relief, and six bottles have broken up my cough, and placed me in a situation to resume, with advancing health, my usual occupation.

BE WISE TO-DAY!

Delay in any case of Consumptive tendency, is emphatically death, under all and every treatment. The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE. If you have any symptoms above described, be advised in time.

Sold in large bottles at only one dollar per bottle.
